Pre-Employment Screening Program

Federal Motor Carrier Safety Administration

MAKING THE ROADS SAFER, ONE HIRE AT A TIME

Welcome to the Department of Transportation, Federal Motor Carrier Safety Administration's pre-employment screening program (PSP). The program helps motor carriers make more informed hiring decisions by providing electronic access to a driver's crash and inspection history from the FMCSA Motor Carrier Management Information System (MCMIS). PSP records are now available for motor carriers and commercial drivers.

[Access PSP Records](#)

[Motor carriers can enroll today.](#)

About the Service

PSP is designed to assist the motor carrier industry in assessing individual operators' crash and serious safety violation history as a pre-employment condition. A carrier will pay \$10 for each requested driver history. An annual subscription fee of \$100 also applies. Carriers with fewer than 100 power units qualify for a discounted annual fee of \$25 per year.

Individuals can request a personal driving history for a fee of \$10. No subscription is necessary for individual drivers.
