Route Plan # 230116

Customer Joe Warehouse

Location

123 Main St, Anyplace, WI, 54321

Recommended Route (Avoid unprotected left turns, school zones, road construction, etc.)

From Warehouse A, make right turn onto Elm St, turn right onto Market St, proceed on I-12 East 47 miles, exit 15A onto Madison Ave, turn right onto Main St, 5 miles to destination on right. Enter parking lot entrance just past building.

Route Hazards

- Busy strip mall immediately before warehouse. Watch for sudden stops of cars turning in and cars leaving parking lot.
- Do not take West St on your way back. There is a high school on West St. It's too busy for our trucks.
- Temporary lane closures on I-12 may make merging onto I-12 W difficult.

Entering and On-Site

Enter driveway just past building.
Two-way traffic in parking lot.
Loading docks are located on west side. Back into any available dock.
Do not drive in behind building - Dead end!

Customer Requirements

Driver must report to receiving area after backing into dock.
Return to vehicle or remain in driver waiting area.
Joe Warehouse employees will unload truck.

Recommended Return Route

Right turn onto Main, proceed 3 miles to Park Ave, turn right onto Taylor Ave (8 miles), right onto Madison Ave, enter entrance ramp on right to I-12 West, proceed to warehouse.
